PROFILE

Passionate about web development and eager to begin a career as a Full Stack Developer. Familiar with **JavaScript, React.js, Node.js, Express.js, and MongoDB**, with a basic understanding of database design and API integration. Built academic projects demonstrating both front-end and back-end development skills. Excited to learn new technologies and contribute effectively to development teams.

SKILLS

Technical Skills -

- **Frontend Technology** - HTML5, CSS , JavaScript, React.js
- **Backend and Database** - MongoDB, Node.js, Express.js
- **Tools**- VS Code, GitHub

Soft Skills -

- Keen Learner
- Adaptable

EDUCATION

Bachelor Of Technology (Computer Science and Engineering)

Allenhouse Institute Of Technology

2026

Kanpur , U.P.

PROJECTS

Online Movie Ticket Booking Website

Technology: MERN Stack (MongoDB, Express.js, React.js, Node.js), Postman

Developed a full-stack web application for booking movie tickets online. The system allows users to browse movies, select showtimes, choose seats, and confirm bookings. Implemented authentication for secure user login and role-based access for admin and customers.

Student Performance Tracker Website

Technology: MERN Stack (MongoDB, Express.js, React.js, Node.js), Postman

Built a web application to manage and track student performance, attendance, and grades. Designed with role-based access for students, teachers, and admins. The system provides real-time performance insights and ensures smooth data management.

TRAINING

Full Stack Development Training

Allenhouse Institute of Technology — 07 July 2025 to 15 August 2025

- Completed hands-on training in MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Gained practical knowledge of frontend development, backend APIs, and database integration.
- Worked on projects like Online Movie Ticket Booking System and Student Performance Tracker Website.
- Improved understanding of Git/GitHub, REST APIs, and deployment practices.
